

# EXPERIENCE COACHING

AN ORIGINAL COACHING PROGRAM  
ENABLING ACCREDITATION

# Kingmakers Academy™: Experience Coaching

We are pleased to invite you to take part in our Experience Coaching program at Kingmakers™ Academy.

We are an expert brand supporting the development of individual, team and organizational leadership. When creating this program, we focused on comprehensively preparing future coaches to work with and in businesses. Our programs are based on the standards of three key accreditation organisations giving you the flexibility to gain your accreditation from: ICF, EMCC and Izba Coachingu.

In the 15 years we have been involved in professionally training coaches our trainers have introduced over 5000 coaches to the ins and outs of this profession and supported them in improving their qualifications. This program is the product of that experience and the contribution of the entire team of tutors comprising of PCC and MCC coaches under the direction of Anna Pyrek, executive coach with the highest level of ICF accreditation.

We invite you to grow with us.

# Experience Coaching Program

## The vision

### PROGRAM DESCRIPTION

Experience Coaching is an original, intensive business coaching program in an engaging form of blended-learning (in person meetings, tele-classes, self-study and exercises in pairs in between meetings). The training develops participants skills in the art of the coaching and equips them for work developing their clients. It's also about exploring your own potential, strengths and talents and ways to use them in your daily work. One of the slogans of our company is "Let's talk" and that's exactly why this program was created. To talk purposefully, effectively and inspiringly.

## Who is this for?

### RECIPIENTS

- for people who want to become professional coaches,
- for managers who want to use coaching conversations in their work,
- for trainers and business consultants who want to enrich their technique with new skills,
- for HR Leaders and HR Business Partners who want to learn how to support the development of people in organizations even more effectively.

## What will I learn?
